

PROFESSIONAL SUMMARY

Observant and detail-oriented aspiring full-stack developer with a specialization in MERN stack. An enthusiastic, hard-working, and a self-motivated person who is always looking forward to learning new skills. Looking for a challenging role in growth oriented organization.

PROJECTS

Bluemerry.com

Designed the Bluemercury website leading luxury beauty, a retailer offering the best cosmetics, skincare, etc. A collaborative project of 5 people.

Features:

- Homepage | Brands | Explore | Login | Cart | Payment.

TechStack:

- ReactJS | Redux Thunk | Chakra UI | Github

Areas of responsibility:

- Created two pages Explore and Event pages and worked on their functionality and also helped colleagues to solve the bug in the cart and login page.

Kindmeal.my

Designed a Kindmeal website that influences people to be vegetarian. It is a group project of 5 people.

Features:

- Home | Signup | Login | Meal | Hotpicks.

TechStack:

- HTML | CSS | Javascript | ES6 | GitHub

Areas of responsibility:

- Built two pages Hot Picks and Recipes and also worked on some of the functionality on other pages and helped group folks to solve the different bugs.

Amazon Clone

Designed an e-commerce website Amazon.com where you can shop for many products.

Features:

- Homepage | Cart Page | Login Page | Payment

TechStack:

- ReactJs | Javascript | Material UI | GitHub

Areas of responsibility:

- Made the whole website by myself with maximum functionality.

INTERESTS

Writing Daily Journals | Acting
